

Data elements with responses of “cannot be determined” or “not yet determined” are not considered as having missing data.

(2) For missing data in excess of 10 percent for any one data element, the penalty will be applied.

(3) The penalties for missing data are specified in paragraph (e) of this section.

(d) *Timeliness of foster care data reports.* (1) For each child, a computer generated transaction date must reflect the actual date of data entry and must accompany the date of latest removal from the home and the date of exit from foster care. Ninety percent of the subject transactions must have been entered into the system within 60 days of the event (removal from home or discharge from foster care).

(2) Penalties shall be invoked as provided in paragraph (e) of this section.

(e) *Penalties.* (1) Failure by a State to meet any of the standards described in paragraphs (a) through (d) of this section is considered a substantial failure to meet the requirements of the title IV-E State plan. Penalties for substantial noncompliance will be assessed semi-annually against a State's title IV-E administrative cost reimbursement in an amount that is equal to no more than 10 percent of the State's annual share of title IV-B funds above the base appropriation of \$141 million. The amount of incentive funds, section 427 of the Act, against which a penalty can be assessed will remain the same as the amount promulgated as being available to the States as of June 30, 1993, the date of issuance of the amount of section 427 funds for fiscal year 1993 (see Appendix F to this part). The penalties will be calculated and applied regardless of any determination of compliance with the requirements of section 427, and regardless of whether any State has withdrawn its certification with respect to section 427. Years One through three (October 1, 1994 through September 30, 1997) will be three penalty-free years of operation. Year Four (October 1, 1997 through September 30, 1998) will be at half penalty and Year Five (October 1, 1998 through September 30, 1999) and thereafter will be at full penalty. The maximum annual penalty is 20 percent.

(2) Penalties will be assessed semi-annually against a State's title IV-E administrative cost reimbursement for the period in which the noncompliance occurred and any subsequent period of noncompliance. Following a decision sustaining ACYF's proposed action, funds will be recovered until the State demonstrates, by submitting an acceptable report, that it will no longer fail to comply.

(3) Half of the maximum allowable assessed penalty for a given reporting period is applicable to foster care reporting and half to adoption reporting.

(4) The penalty for foster care reporting will be applied for any semi-annual period when a State fails to meet one or more of the following criteria:

(i) Fails to submit the report within 45 days of the end of the reporting period as specified in paragraphs (b)(1) and (b)(2) of this section; or

(ii) There is one or more element which exceeds the level of tolerance for missing data as specified in paragraphs (c)(1) and (c)(2) of this section; or

(iii) Fails to meet the timeliness standards as specified in paragraph (d)(1) of this section.

(5) The penalty for adoption reporting will be applied for any semi-annual period when a State fails to meet one or more of the following criteria:

(i) Fails to submit the report within 45 days of the end of the reporting period as specified in paragraphs (b)(1) and (b)(3) of this section; or

(ii) There is one or more element which exceeds the level of tolerance for missing data as specified in paragraphs (c)(1) and (c)(2) of this section.

(Information collection requirements contained in paragraphs (a) and (b) of this section were approved on August 22, 1994, by the Office of Management and Budget under Control Number 0980-0267).

which is effective and efficient, to improve the program management and administration of the State plans for titles IV-B and IV-E as provided under this section.

(b) At a minimum, the system must provide for effective management, tracking and reporting by providing automated procedures and processes to:

(1) Meet the Adoption and Foster Care reporting requirements through the collection, maintenance, integrity checking and electronic transmission of the data elements specified by the Adoption and Foster Care Analysis and Reporting System (AFCARS) requirements mandated under section 479(b) of the Act and § 1355.40 of this part;

(2) Provide, for electronic exchanges and referrals, as appropriate, with the following systems within the State, unless the State demonstrates that such interface or integration would not be practicable because of systems limitations or cost constraints:

(i) Systems operated under title IV-A,

(ii) National Child Abuse and Neglect Data Systems (NCANDS),

(iii) Systems operated under title XIX, and

(iv) Systems operated under title IV-D;

(3) Support the provisions of section 422(a) by providing for the automated collection, maintenance, management and reporting of information on all children in foster care under the responsibility of the State, including statewide data from which the demographic characteristics, location, and goals for foster care children can be determined;

(4) Collect and manage information necessary to facilitate the delivery of client services, the acceptance and referral of clients, client registration, and the evaluation of the need for services, including child welfare services under title IV-B Subparts 1 and 2, family preservation and family support services, family reunification and permanent placement;
